Our patented ingredients will propel your functional foods & beverages above the competition. Bioenergy Ribose delivers noticeable, sustained energy. RiaGev supports cognitive health & healthy aging.

Re-Imagining Ingredients for Healthier Food and Beverage Applications

We're re-imagining the possibilities for plant-based foods, healthier foods and beverages! Great things can happen when you sharpen your competitive edge with our patented ingredients because they do more, and they do it better. And consumers are more likely to notice the difference.

Bioenergy Ribose® is THE go-to ingredient in a variety of plant-based products, food, beverages and snacks, and its sweetener solutions change the functional sweetener category. RiaGev® is the next big thing in the healthy aging category and can be added to your next functional food and beverage application. MannoHealth™, our newest offering, is the highest purity of D-Mannose. It's naturally occurring in the human body, and integral to human metabolism.

Food Ingredients Group ⓘ

Domestically Produced Liquid Ingredients

- Acetates
- Benzoates
- Calcium Chloride
- Carbonates
- Citric Acid
- Citrates
- Diacetates
- Dipotassium Phosphate
- Disodium Phosphate
- Lactic Acid
- Lactates
- Magnesium Chloride
- Malic Acid
- Phosphoric Acid
- Potassium Hydroxide
- Propionates
- Sorbates
- Liquid (& Dry) Vinegar

Why switch to liquid?

- Ease of handling and less need for operator interaction
- Liquids disperse more quickly, offering higher consistency than their dry counterparts
- Easily automated, greater accuracy, and provides reduced labor costs
- Raw material savings and less packaging waste
- Reduced risk of repetitive operational injuries
- Lower energy usage to help you accomplish your ESG goals
